DEDICATION

To **ONE OF THE EVER SHINING LIGHTS OF OHIO NORTHERN UNIVERSITY, WE DEDICATE THIS 1942 ANNUAL.**

It is a richly deserved compliment that the students of Ohio Northern pay to Dr. C. H. Freeman in dedicating this issue of the Annual to him.

For many years Dr. Freeman has brought to his task a passionate love of the great masters of poetry and prose. He has so studied them as to make them a part of himself. Adding to their timeless utterances his own illuminating interpretation, shrewd comment, and profound insight into their meanings, he has made these masters live again for succeeding generations of Northern men and women.

As a teacher, Dr. Freeman has few superiors and still fewer peers. His readiness of quotation, the wide range of his memory, the deft touch of his humor make him outstanding in the class room. His influence upon his students is deep and permanent.

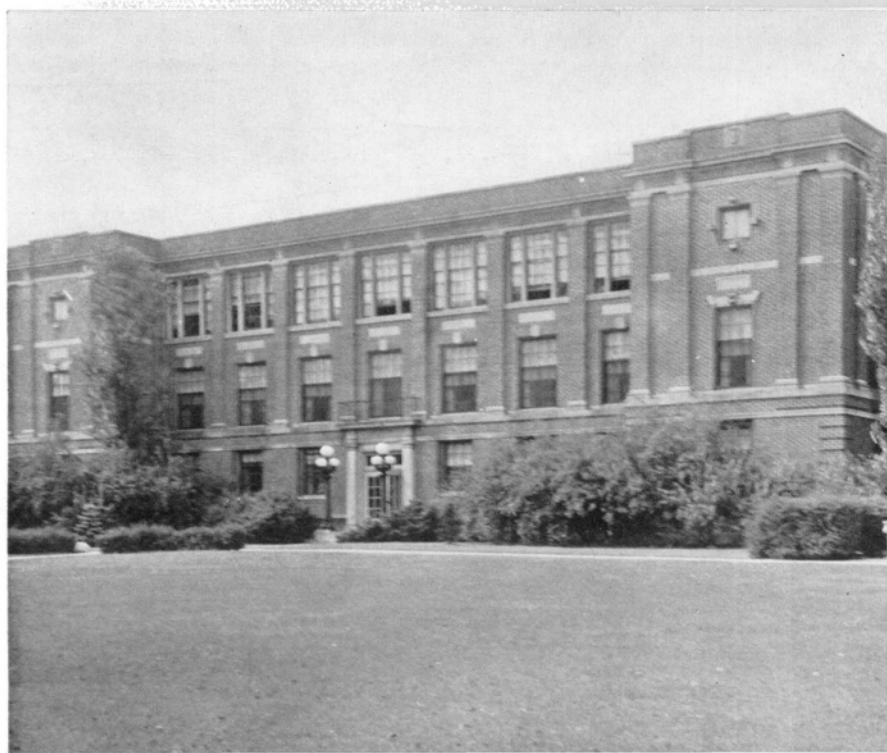

I am proud, therefore, to have some part in writing this warm word of appreciation in honor of a master mind and a choice spirit, and to share in the recurring experience of the touch of this beloved man upon the generations that have known him.

A handwritten signature in cursive script, reading "Robert Williams". The signature is written in dark ink and is positioned above the printed name "President".

OHIO NORTHERN'S FOURTH PRESIDENT

To Doctor Robert Williams, president of Ohio Northern University since 1929, belongs much of the credit for making our institution what it is. "Prexy's" genial personality and breadth of interest account for his popularity among students and faculty alike, as well as for his popularity as a speaker both on and off the campus.

COLLEGE OF PHARMACY

Presided over by Dean R. H. Raabe, the college of Pharmacy is associated with the American Pharmaceutical Association and ranks high among the pharmacy colleges of the country. As added training for Senior pharmics, the dispensing lab provides the student health service with its necessary drugs and medicines.

COLLEGE OF LIBERAL ARTS

Teacher training, public school music, business administration, and pre-professional training all constitute special departments of the Arts College, headed by Dean H. E. Huber.

Embodying the greatest number of students, this college offers many opportunities for undergraduate study and activity.

COLLEGE OF LAW

Of outstanding national reputation in the College of Law headed by Dean C. W. Pettit.

The college is approved by the American Bar Association and is a member of the League of Ohio Law Schools.

Moot court, Toastmasters Club, Les Advocats—all form part of the barrister's legal training.

COLLEGE OF ENGINEERING

This college of Ohio Northern offers courses of study in Civil, Mechanical and Electrical Engineering.

Weekly classes are offered in government-sponsored defense classes, and the Civil Pilot Training course is available for men students.

J. A. Needy is dean of this college which is a member of the American Society of Engineers.

FINE ARTS

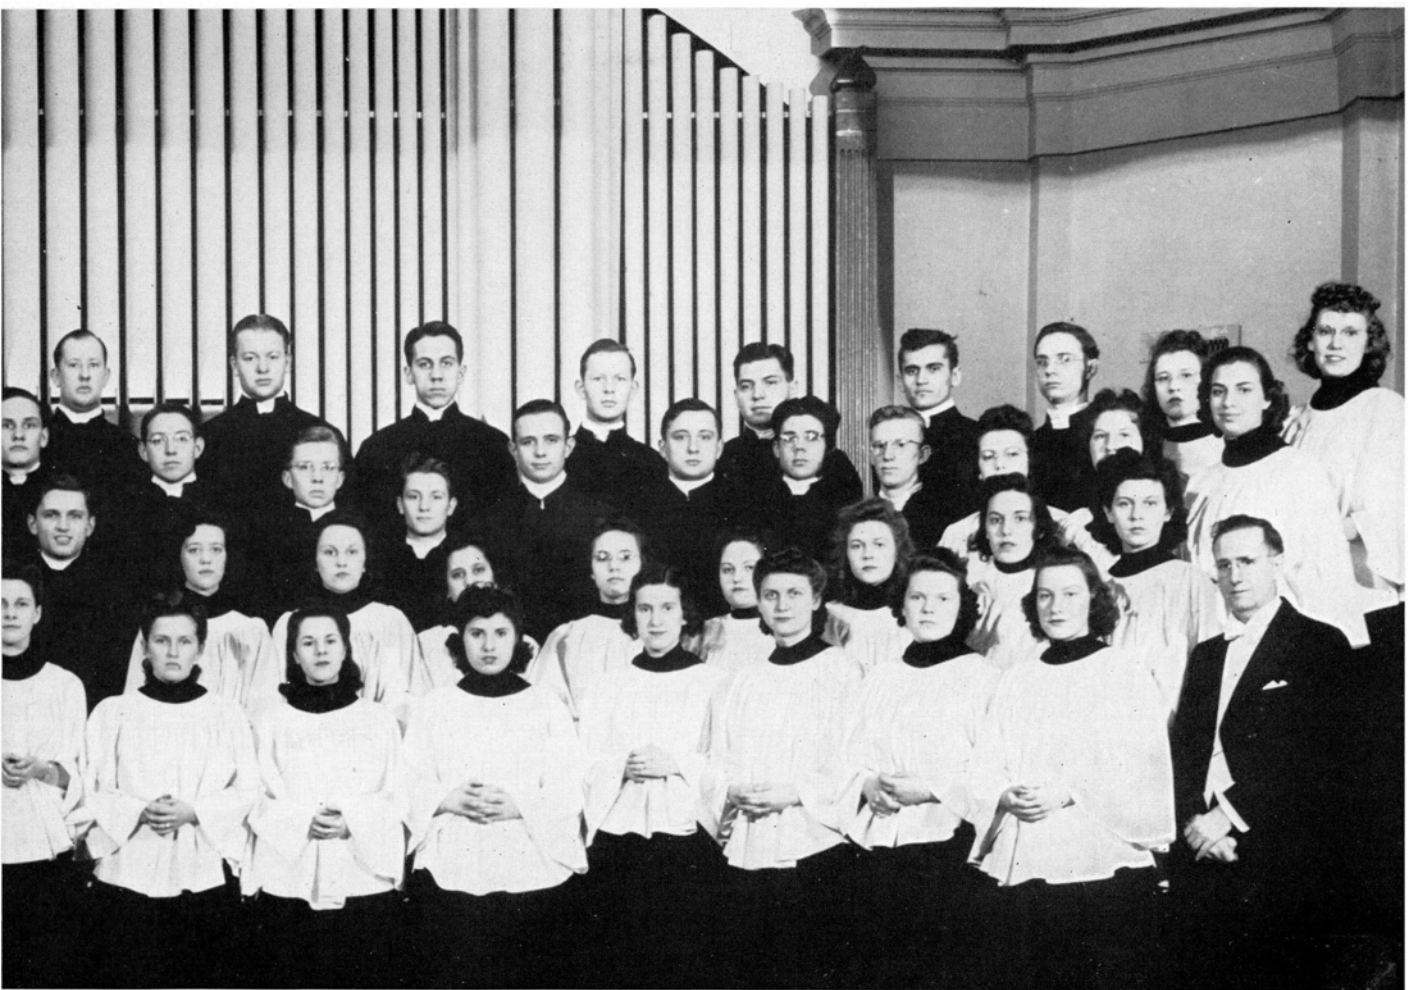

Constituting the brighter side of education, the fine arts offer a means of recreation, appreciation, and cultural development beyond the ordinary classroom courses. Students interested in music may participate in the Marching and Concert Bands, Orchestra, or A Cappella Choir, while those preferring the speaking arts may join Northern Players, Freshman Players, and Debate.

A C A P P E L L A C H O I R

Director Haydn Owens

CONSISTS OF SIXTY SELECTED VOICES!

The A Cappella Choir carries the lights and sings for the glory of Ohio Northern in such cities as New York, Chicago, Cleveland, Cincinnati, and many smaller cities and towns en route. There are also engagements in Lima, Dayton, Springfield, and other small cities and towns only short distances from the University. The choir, organized by group election and directed by Mr. Owens, is this year the largest it has ever been. The members look forward with great anticipation to the trips each year and, having seen the sights and sung their best, return with a new zest to their studies.

In addition to the performance of the choir, the chorus presents the annual rendition of the "Messiah." This year's chorus was the largest of any that has given the "Messiah" within the past several years. Besides the "Messiah" at Christmas time there is also the annual presentation of "Stabat Mater" for the Easter Festival and a Spring Festival in May.

BAND SERUES BOTH AS

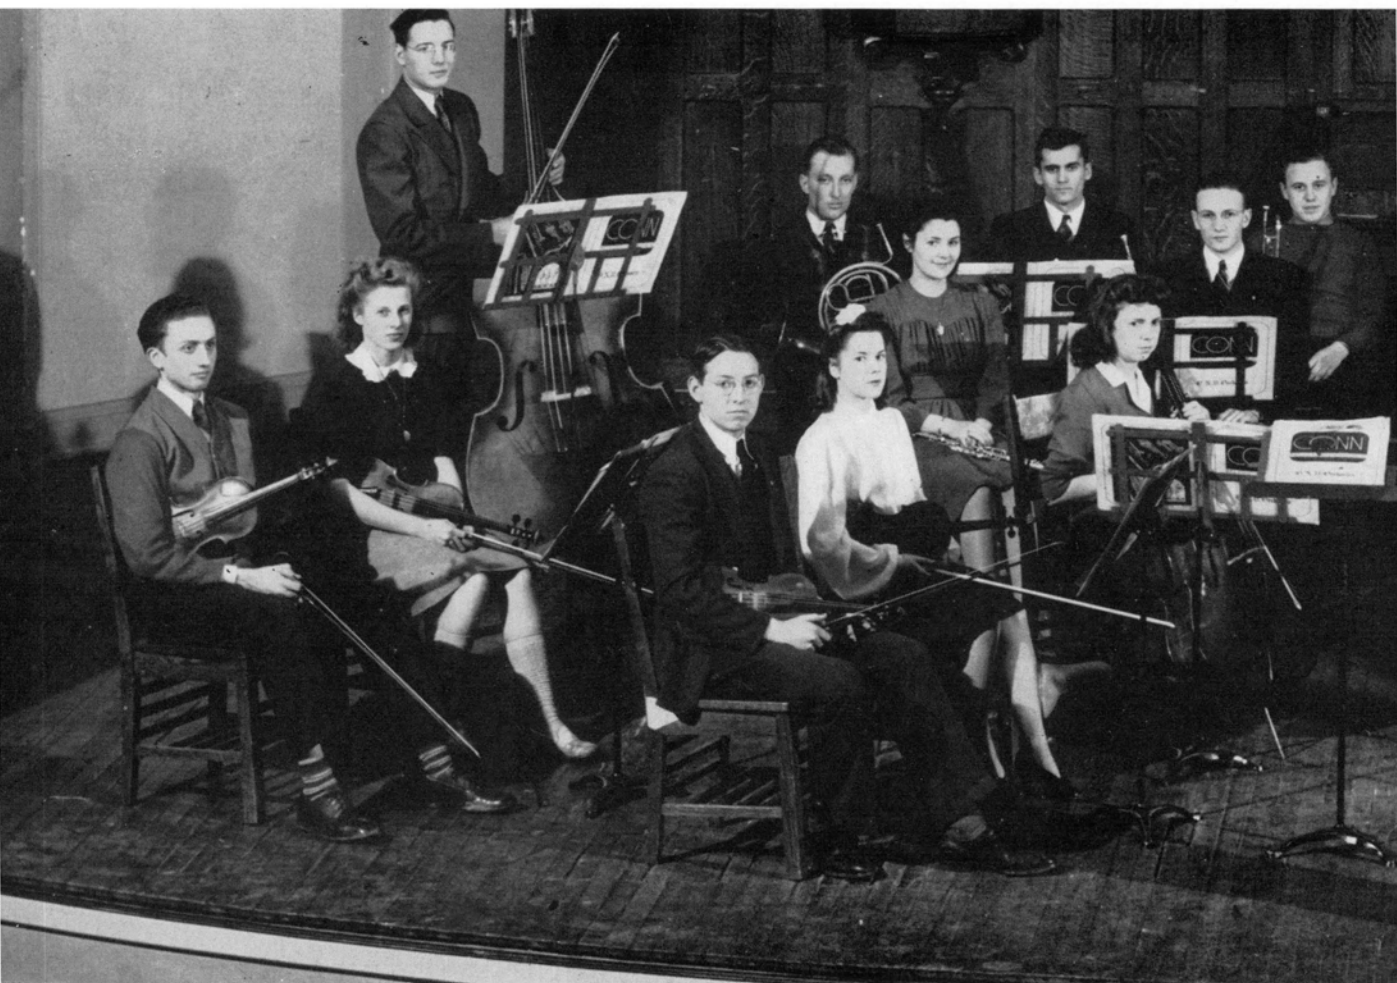

Director Harold Davidson

A MARCHING AND CONCERT ORGANIZATION

The Ohio Northern Band takes the spot light at least twice during the year when it presents the winter and spring concerts in Lehr Auditorium. The interest taken in band is easily noted by the number of active participants. The spirit is good and the varsities appreciate the support which the band unfailingly supplies. Through all kinds of weather, rain, snow, or cold, the band parades the Northern colors as a support to the team. Winning or losing, the band is always ready with a cheering note for the boys who are playing the game. At the basketball games the story is the same; the band is always ready.

ORCHESTRA PROVIDES CHORAL

Director Donn W. Watson

ACCOMPANIMENTS AND INDEPENDENT PROGRAMS

The orchestra's brightest light of the year is the spring concert, the climax of the National Music Week observance. It is at this concert more than at any other time that the orchestra receives the recognition it so ably deserves. Organized through group election and directed by Mr. Watson, the orchestra, though not spectacular, plays an important part on the campus. Looking forward to and planning for the spring concert and the usual broadcast from WLOK, Lima, each a part of music week, the orchestra does not, however, limit its appearances. More subdued but nevertheless important lights of the year are the appearances in Chapel, once each quarter, and the accompaniments for the Messiah and the spring festival. Appropriate musical background is gratefully received by the "player" groups for such productions as require musical sound effects. "Small but dependable" is the phrase which can very appropriately be applied to the orchestra.

N O R T H E R N P L A Y E R S

Bright lights! Curtain calls! A sure sign Northern Players have made another hit! Sponsored by Mr. Deming and affiliated with the national dramatic fraternity, Theta Alpha Phi, the group presents at least three public programs a year. Meetings include the study of lights, makeup, and properties in respect to production; short programs; occasional parties.

Freshman Players, a junior organization of Northern Players, has its share of bright lights, regular meetings and parties. Counseled by two N.P. members under the adviser, Mr. Deming, the group presents two public programs, a group of three one-act plays, and one three-act play. The group is taken into full membership in N.P. at the big spring party.

MEN'S DEBATE

D. Bianco, P. Weaver, J. Lawrence.
Ed Eisele, B. Cox, R. Swonger.

Under the capable direction of Major Cliffe Deming, the members of this year's men's debate team discussed the question: **Resolved:** "That the Federal government should regulate by law all labor unions in the United States, constitutionality conceded." Since there were not enough participants to take part in the tournament, the non-decision debates this year took place on the campus between the men's and women's teams.

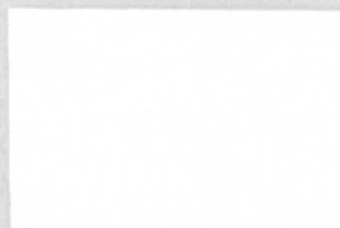

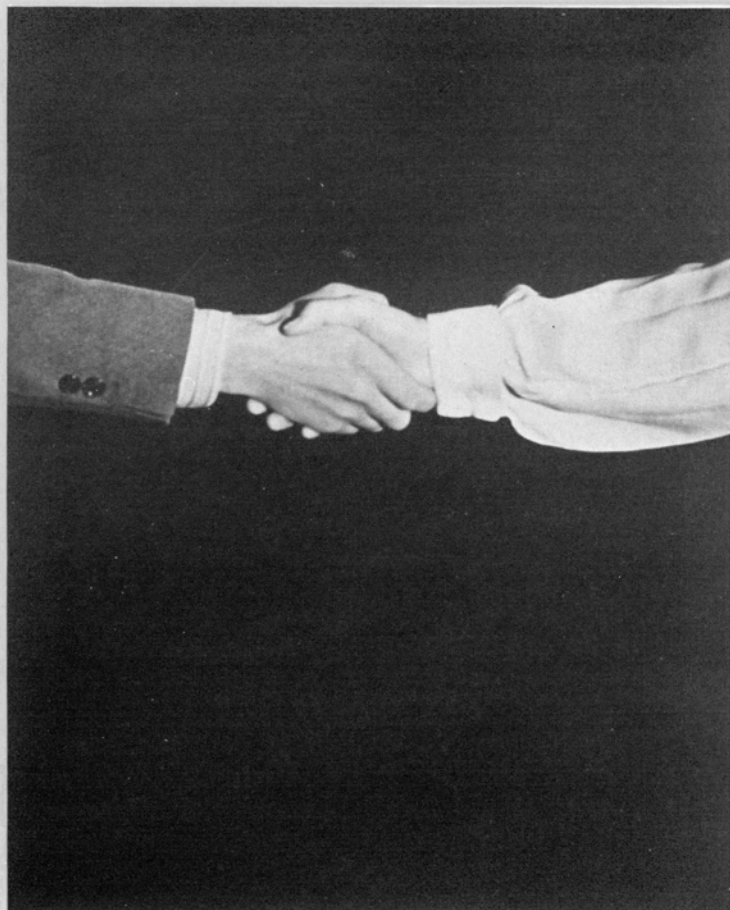

WOMEN'S DEBATE

Cole, Frase, Major Deming,
Plaughter, and Duncan.

Although our team did not take part in the tournament, they entertained on our campus members of the debate teams of Ohio University and Wittenberg College.

The women's debate team, coached by Major Cliffe Deming, is open to all women students, and provides excellent training in organizing and presenting material convincingly before an audience.

The subject for discussion for our women's debate team was identical with that of the men. Therefore, it was interesting and entertaining to hear the sexes battle on the same proposition.

SERVICE GROUPS

In order to keep the light of democratic fellowship burning brightly on the campus, certain groups have been organized to assist in maintaining order and cooperation among students, as well as to offer recreational and social opportunities for all students. These groups include the AWS, WAA, YMCA, YWCA, Omega Phi Kappa, and the Engineer's Executive Council. The Pan Hellenic and Interfraternity Council are also a service to our University.

AWS

Dean Tolf, Johanna Schultz, Peg Messenger, Antoinette Purpus, Mary Ann DuMond, June Person.

The Association of Women Students is composed of all the women on the campus. Each woman automatically becomes a member upon entering the university. It sponsors the Feminine Forum programs and conducts the Freshman Hell Week. In the fall, a pot luck supper was given with the installation of officers. Many leadership dinners were given and this year it helped sponsor a Red Cross benefit dance. The association has four governing boards: executive, legislative, house council and Freshman advisory. The legislative board plans and regulates the women's activities. It is made up of the AWS officers, the presidents of WAA, YWCA, and Pan Hellenic council. The executive board consists of the officers. This year the office of second vice president was added. The legislative board also acts as a student government in solving disciplinary problems. The AWS sponsors an annual formal dance, which is usually held at Christmas.

HOUSE COUNCIL AND FRESHMAN ADVISERS

The House Council is composed of the presidents elected by the various houses. They meet to discuss the perplexing problems of their groups. The council exists primarily for the correlation and the cooperation of the various houses. Several leadership dinners are held by this group during the year.

The freshman advisory board members are upper classmen selected by the Dean of Women to act in an advisory capacity to the incoming freshmen. They attend the house meetings, help organize the houses, and discuss individual problems with the girls in order to help personal adjustment.

ENGINEERS' EXECUTIVE COMMITTEE

This committee is composed of one member from each of the three engineering societies: ASME, ASCE and AIEE, and the heads of the engineering departments. The purpose of the group is to take care of all the matters concerning all the engineers and to stimulate an interest in engineering. This year engineering is most important. It directs the general program of Engineer's Week and the Engineer's Ball. It has charge of many other engineering functions.

Y M C A

The YMCA membership rose to a new high this year. Many interesting discussions on the phase of war were led by well-known speakers, Oren Dickison, James Blissell, and Ralph Shilling. The usual parties were held, an interesting interscholastic ping pong team was sponsored and many happy hours were spent in the "Y" rooms. Joint meetings were held with the YW during the year. With the fine cooperation of the entire group, the YM saw a very successful year.

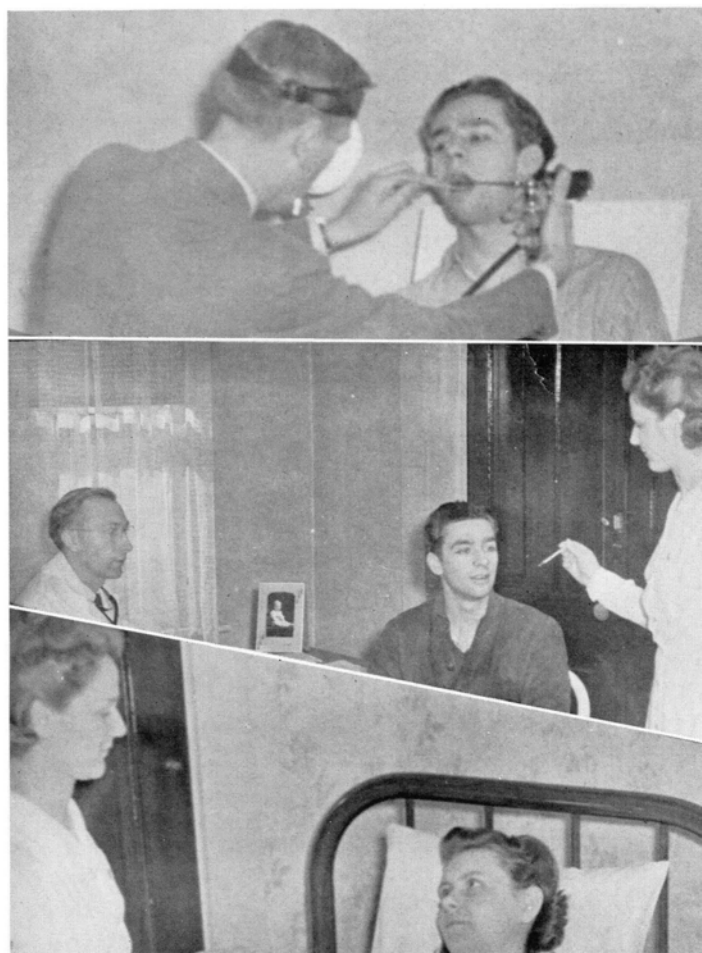

Y W C A

"Onward Christian Students" was the theme around which the entire YWCA program was built. Discussions were led on a marriage series. The spring program was on "Onward Christian Students in Living." During the year each house was honored with "Recognition Night." Social activities included: concessions, candy sales, tax stamp collections, "Freshman Week" activities, tea for Mrs. Whitted, pot-luck dinners, entertaining the high school Girl Reserves and senior farewell.

HEALTH SERVICE

When the lights fail—refueling is gained at the Student Health Service under the direction of Professor Clyde Lamb. With the competent guidance of Dr. John A. Kramer many lights flicker but glimmer brightly again with the able assistance of Misses Helen Ansley and Eleanor Messerly. Shining through under this ever-smiling whiteness comes the health of the student body of Ohio Northern.

INTEREST GROUPS

When classes are over, lights are turned on the numerous activities in which lawyers mingle with pharmics, and musicians with engineers. Now the lights are turned low, and the spotlight singles out the a cappella choir practicing for a concert . . . or it focuses on members of the publications staffs—working feverishly on last-minute copy . . . with the dawn, the light of the sun strikes dazzling white suits of girls participating in sports offered by the women's athletic association or our varsity team working out for an important game . . . evening brings a glow on the campus from the lights in the rooms where the various clubs are meeting . . . and the week-end, with its fraternity and sorority dances and finally the Sunday concerts . . . Monday . . . time for classes again.

MINISTERIAL ASSOCIATION

COMMERCE CLUB

A shining example of growth is exhibited by the Commerce club, now in its third year on the campus. Prominent business men from many fields appear as speakers at the weekly dinner meetings. Among the speakers this year were an accountant, director of drug relations, manager of a Better Business bureau, and a social security executive. The purpose of the club is to acquaint students with the business world and to help them make contacts with potential employers.

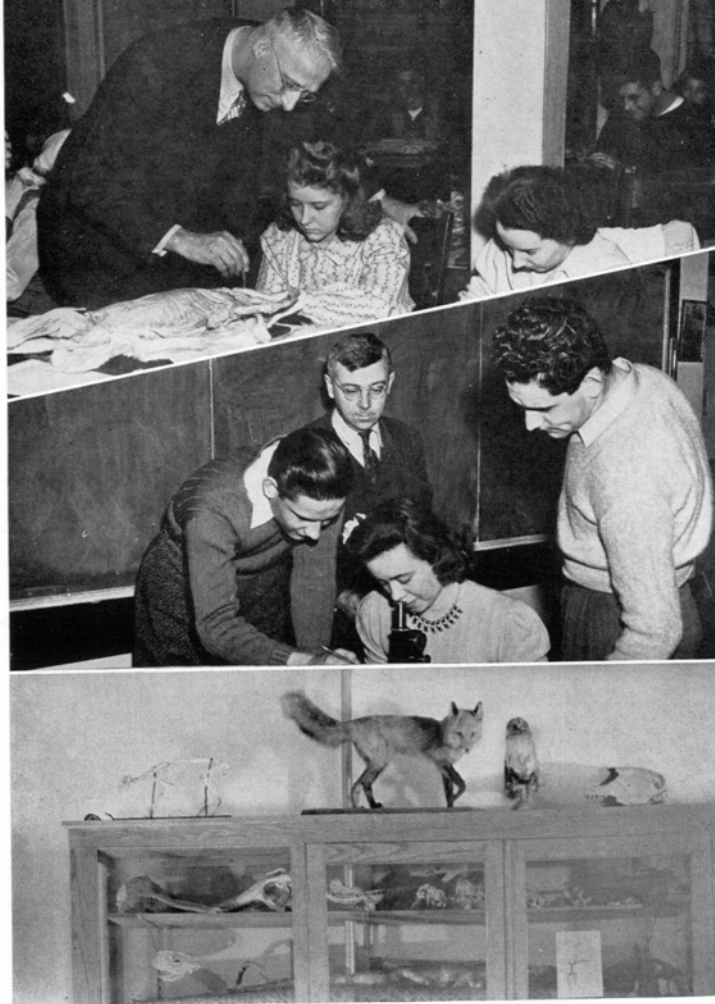

MINISTERIAL ASSOCIATION

The steady gleam maintained by the members of the Ministerial Association stands for more than mere good fellowship and speaking experience. These youths are the source of the religious guidance of the future. At their meetings this year the theologians were addressed by such religious speakers as Dr. Williams, Dean Potter, Dr. Rockwell Smith of Northwestern University, and the local ministers.

BIOLOGY CLUB

When the light gleams forth from the upper story of the Biology building, one can be sure the members of the Biology club are gathered for their bi-monthly meetings. Many interesting and varied programs are presented, including slide shows, reports, lectures by the advisers, and occasionally outside speakers. Annual social events are the Soup Supper and the Wiener Roast. Any student interested in biology may join. Dean Huber and Dr. R. A. Dobbins are advisers.

CHEMISTRY CLUB

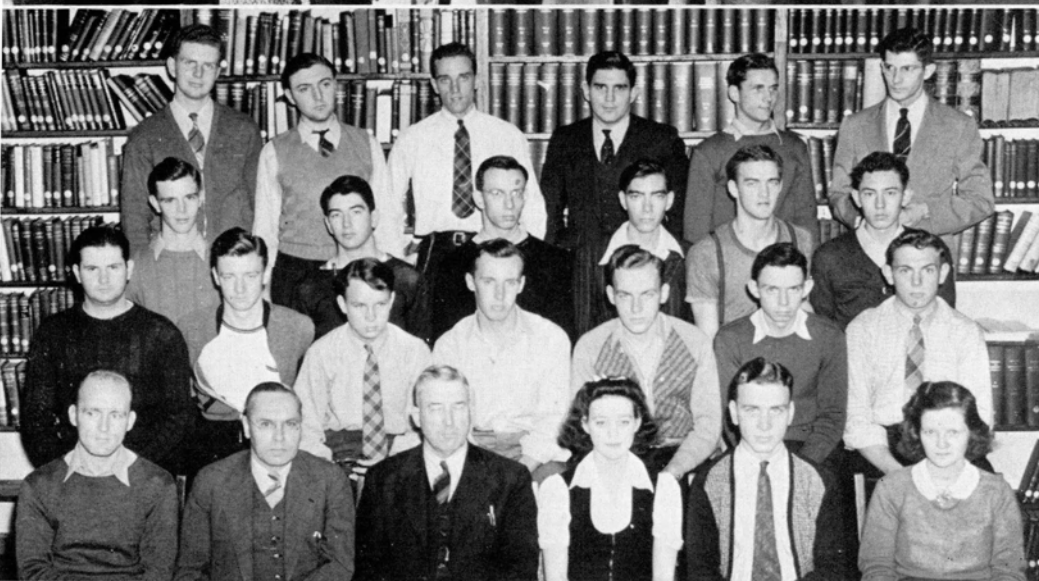

Helping to keep burning brightly the light of science, the Chemistry club meets bi-monthly to hear addresses of guest speakers and quarterly papers presented by each member. Membership in this group is composed of student affiliates of the American Chemical society. Any student interested in chemistry is privileged to join. One half hour university credit is given for satisfactory work. Faculty adviser for the group is Dr. Lewis E. Miller.

JUNIOR BAR

The Junior Bar Association is the radiating center of activity of the law college. All students in this college automatically are admitted to membership in the organization upon enrollment. Its enlightening purpose is the promotion of good fellowship and the furtherance of the legal knowledge of the group through contact with outside speakers in the profession. In addition to its more serious functions, the association participates in the social life of the campus through the sponsoring of the annual Barrister's Ball, and under joint-sponsorship with the Pharmacy college, the Lawyer-Pharmic Dance.

ONUPA

The Ohio Northern Pharmaceutical Association fosters interest among those who intend to enter the field of pharmacy. Among guest speakers at the monthly meetings are leading lights in the profession of pharmacy and medicine, who help make these a bright spot in the college life of any pharmacist. Each spring the group sponsors a "Pill-Rollers" open house, and offers refresher courses to keep those in professional service informed of new discoveries.

LES AVOCATS

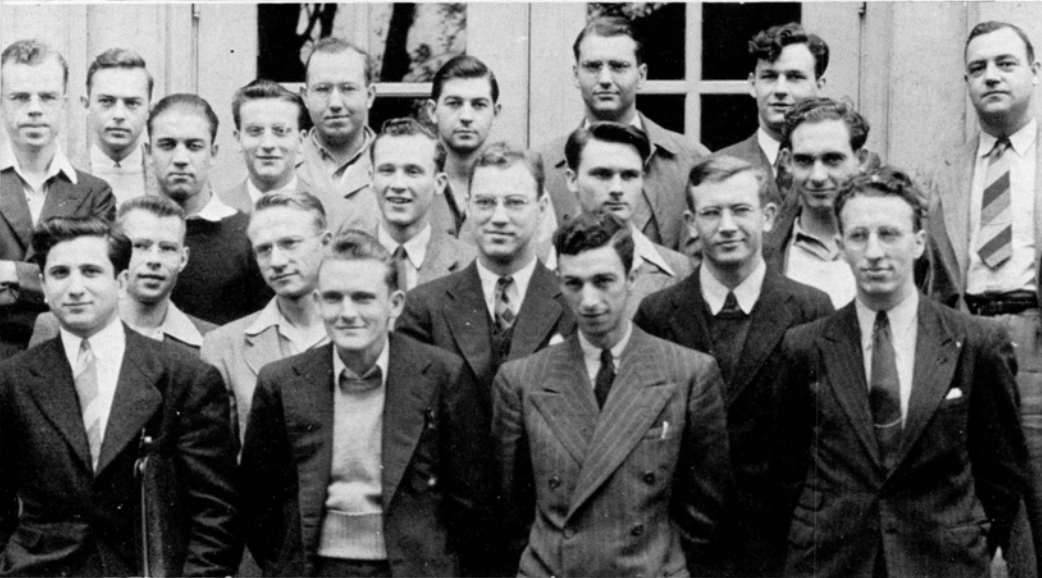

Another comparatively new group on the campus is Les Avocats. Founded in 1939, the group selects its membership from students of the Law college, who can meet certain requirements. At each meeting a few of the members present lectures on current legal questions. Following the talks criticism is offered by the rest of the group. This enhances the public speaking abilities of the members and develops poise in extemporaneous speaking.

ASME

ONESA

Bright light of the engineering college is the Ohio Northern Engineer's Speakers Association, founded because the original members saw the great need for speaking finesse in their profession. The group holds weekly dinner meetings at which prepared and extemporaneous speeches are presented and criticized. Temporary foastmasters are appointed each week. Because of the many applicants, the club is forced to restrict membership to fifteen upperclass engineers.

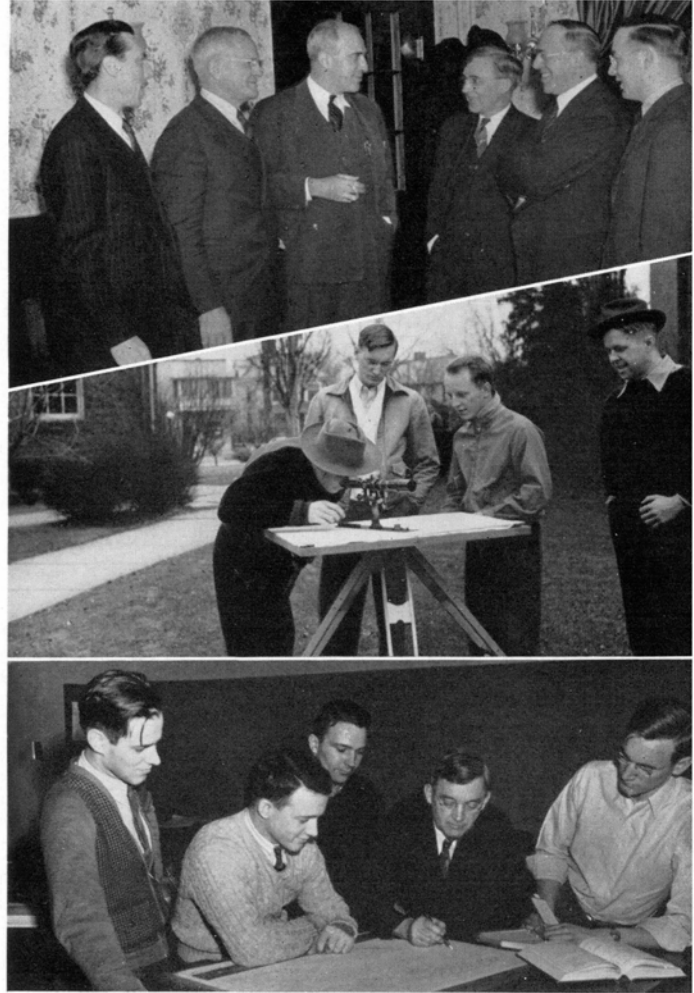

ASME

The Ohio Northern branch of the American Society of Mechanical Engineers offers a means by which students of this department may shine in other ways than in their actual professional work. At their bi-weekly meetings student and guest speakers present papers and lectures. Prizes are given yearly to the best student speakers and one of these presents his paper at the Allegheny Regional conference. All mechanical engineers belong to the organization.

A S C E

For the purpose of casting light on the activities of the civil engineering profession, the Ohio Northern Student Chapter of the American Society of Civil Engineers convenes bi-monthly to discuss matters of group interest. Frequently guest speakers address the society. Students enrolled in the department of civil engineering are eligible for membership. Inspection trips are made to neighboring cities, and members attend conferences of professional engineers.

A I E E

Truly concerned with lighting the world, the local chapter of the American Institute of Electrical Engineers meets semi-monthly to consider problems of their profession. At these meetings the members present talks and frequently are addressed by guest speakers. Delegates attended the Middle-Eastern AIEE meeting held at the University of Maryland and visited points of interest in Washington, D. C. All electrical engineering students are eligible for membership.

Of the many interesting and educational activities on the campus, there are perhaps none so illuminating as those of the Northern Review, the student newspaper publication, which plays its part by bringing into the spotlight bi-monthly the news of the doings of the various organizations and departments of the University. It is written, edited, and published by those students interested in journalism. Meetings are held in The Review offices on the second floor of the Lehr building. Besides the actual news printed, the Review offers opportunity for students of writing ability to see their work in print in the form of features, columns, poetry, and letters to the editor. There is a demand for students interested in the business side of publication, in the line of advertising and business management. One of its tasks this year was the selection of the Homecoming Queen by means of ballots printed on the front page. In addition to the campus circulation, papers are sent in exchange for publication of other colleges, and copies are sent to absent students in the army camps and other service divisions. The Review is affiliated with the Ohio College Newspaper Association. Faculty adviser for the organization is Professor Lawrence Freeman.

Readers of this volume will be interested to learn that, except for the actual printing and engraving, the Northern is entirely a home product, being student written, illustrated, edited, and managed.

With few exceptions, photographs were furnished by students, assisted by Professor Clyde Lamb. The theme "Northern Lights" is symbolic of the brilliant activities and high lights of a year at the university. Work is begun at the beginning of the year to organize the book and assign the various tasks to members of the editorial and business staffs. The bulk of the copy is collected during the winter quarter, with photography chiefly carried on in the Fall and early Winter. Because of a shortened school year, publication date was advanced several weeks. This necessitated an early deadline for copy, and for this reason certain omissions have been made from group activities, following that date. Without the cooperation of the many organizations and groups on the campus, as well as that of individuals, this book could never have been completed in such record time. An attempt has been made to include every individual on the campus in this yearly record of events. This is YOUR annual, and the members of the various staffs, the editor, and business manager sincerely hope that you will enjoy reading it. Professor Lawrence Freeman is Faculty Adviser.

HONORARIES

On the university campus six honorary groups award membership to luminaries in various fields of distinction. These are Alpha Phi Gamma, Kappa Kappa Psi, Nu Theta Kappa, Sigma Kappa Pi, Theta Alpha Phi, and Who's Who. Four of these are nationally recognized, and the other two are local, all being co-educational. Some of them are actively organized groups, but others are purely honorary.

S I G M A K A P P A P I

Founded in 1930, the Sigma Kappa Pi, honorary foreign language fraternity, was originally organized for the recognition of brilliance among students in French, but was later extended to include the outstanding lights of all the language fields on the campus. Only superior students in these fields who are also above the average in all their other courses are eligible for membership. Because of the high requirements and the resulting small membership, the organization has remained relatively inactive, being of purely honorary nature. Dr. Louis R. Herrick is the faculty adviser to the group.

NU THETA KAPPA

For twenty-eight years the Nu Theta Kappa has held aloft the guiding light to scholarship and recognition in the Engineering college. Only outstanding engineering students may be elected to this local honorary fraternity. It was created to aid in the raising of scholarship standards of the students enrolled in this college. It holds quarterly meetings, initiating new members and electing officers at the spring meetings. Officers this year were Leonard Opdycke, President; William Connor, Vice President; Robert Branstetter, Treasurer; and Robert Wilson, Secretary. Faculty advisers include all the Engineering professors. They are Dean Needy and Professors Webb, Pearson, Whitted, and Kline.

National recognition of luminaries on the campus—Northern's truly brilliant lights—is found in "Who's Who Among Students in American Colleges and Universities," an annual publication whose purpose is the honoring of outstanding students in an organization devoid of politics, initiation fees, and dues. Members are chosen by a committee of the college faculty on the basis of character, leadership, scholarship, and potentialities for usefulness to business and society. Once listed, the student is included until his graduation. This year's list includes Mildred Banbury, Robert Binkley, Virginia Byroads, Patty Frase, Robert Hardy, Carrol Lewis, Nanette Looney, David Lutin, Bruno Mallone, June Person, Jean Porter, Lowell Schuck, Tom Stacy, Alfred Treherne, Jack Pritchard, and Walter White.

KAPPA KAPPA PSI

In music Kappa Kappa Psi, a national band fraternity, throws the spotlight on outstanding bandmen. Sigma Chapter was instituted at Ohio Northern in 1927. The organization serves to promote the best interests of college bandmen, encourages the better type of band music within the college, and honors the leading lights in the band by the privilege of membership, thus making their services to the college more effective. Faculty members are Dean J. Austin Potter, Dr. Thomas J. Smull, and Professor Harold B. Davidson.

COACHES

COACH HARRIS LAMB

Harris Lamb has been at the helm of Northern football and basketball teams for eleven seasons. In this time, a record of 50 wins, 23 losses and 12 ties has been compiled on the gridiron, while 90 victories and 70 defeats represent his efforts on the hardwood.

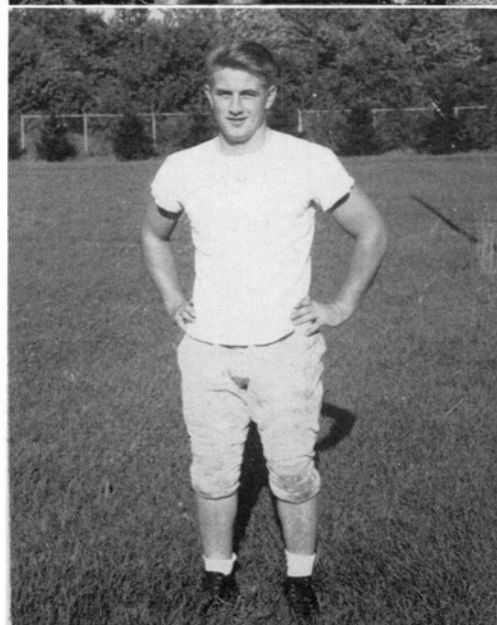

A graduate of Coe College and Columbia University, Harris has been highly instrumental in the development of the school's athletic program.

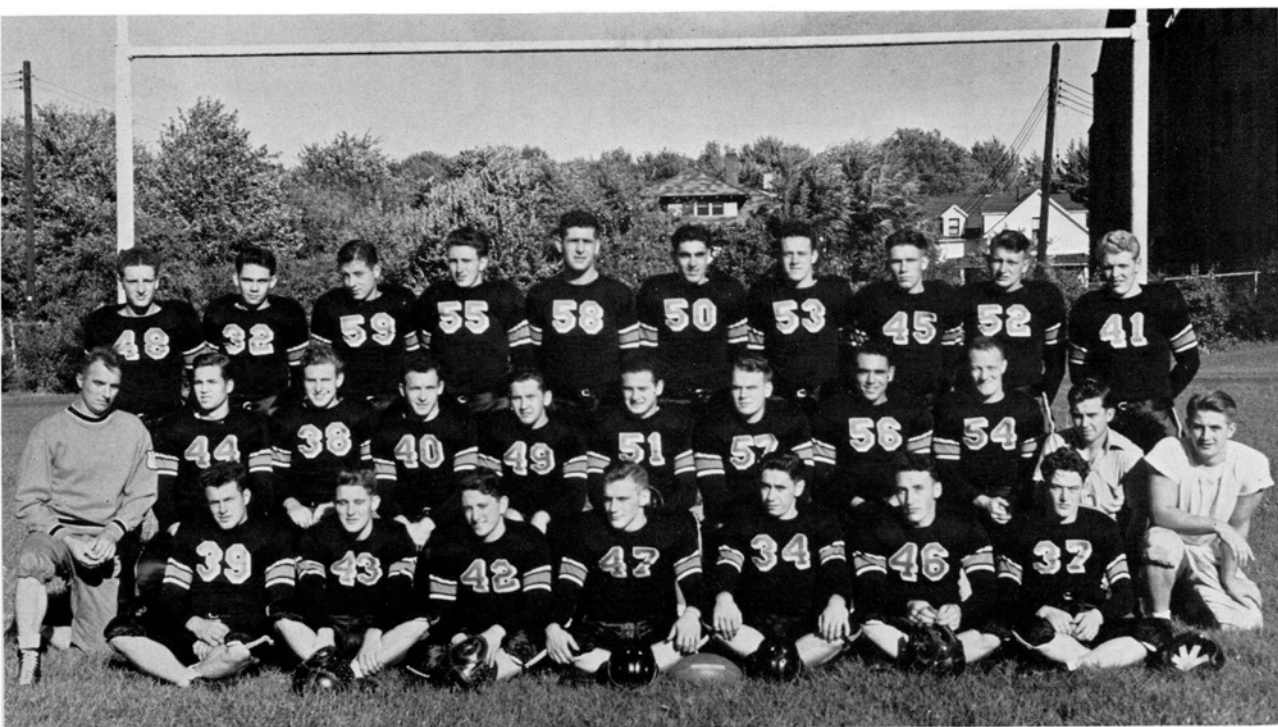

MANAGERS

The unsung heroes of football are the managers. In this phase of the game, Ed Treherne was the head man, ably assisted by Dick Blesh, Paul Wallace, Armand Ensign and Ed Rozak. Their duties were to keep the balls clean and properly inflated with air, the uniforms and football togs in shape, besides finding time to be the Coaches' handymen.

ASSISTANT COACH

After fullbacking for two years, Tom Pierson started the season as freshman mentor due to a trick knee which forced him out of regular action. Midway in the campaign, the M.D.'s changed their minds as to the seriousness of the knee, allowing Tom to finish the schedule by playing a bang-up game at center.

Top: Thomas, Shaffer, Widner, Shoemaker, Semple, Mallone, Wanchic, Allshouse, Edwards, Stombaugh.

Middle: Head Coach H. Lamb, Basinger, Laules, Fox, Lecholop, Marcus, Geer, Jannotti, Bray, Mgr. Treherne, Frosh Coach Pierson.

Bottom: Stackhouse, Clark, Skolnik, Crawford, Cotterman, Anderson, Heck.

F O O T B A L L

Ohio Northern's Polar Bears turned in their best football record since '38 by winning six games, losing one and tying one. A third of the mythical Ohio Conference championship was snared by tying with Case and Bowling Green. Throughout the season, a potent offense and a well-knit defense highlighted the Bears' showing.

There were many Northern lights this campaign. Showing the brightest were Hugh Semple and Sid Marcus, who were placed on the Associated Press All-Conference first team. Other stars chosen were Jannotti, second team guard, Laules, fullback, and Mallone, end, third team, Ken Shoemaker, end, and Norman Bray, halfback, honorable mention.

Prospects are bright that again next season the Northern light will shine over the conference horizon.

Angelo Jannotti, guard (L)

Evan Anderson, half

Collins Stackhouse, half (L)

FINDLAY

The Bears opened the season by hanging a 7-0 decision on the neck of their old rival in Findlay. The score was not indicative of the Lambmen's power as they outrushed the Orange 239 yards to 77. Bray punched over the score on a reverse in the second period.

Ken Shoemaker, end (L)

Tackle 'im low, bub, tackle 'im low.

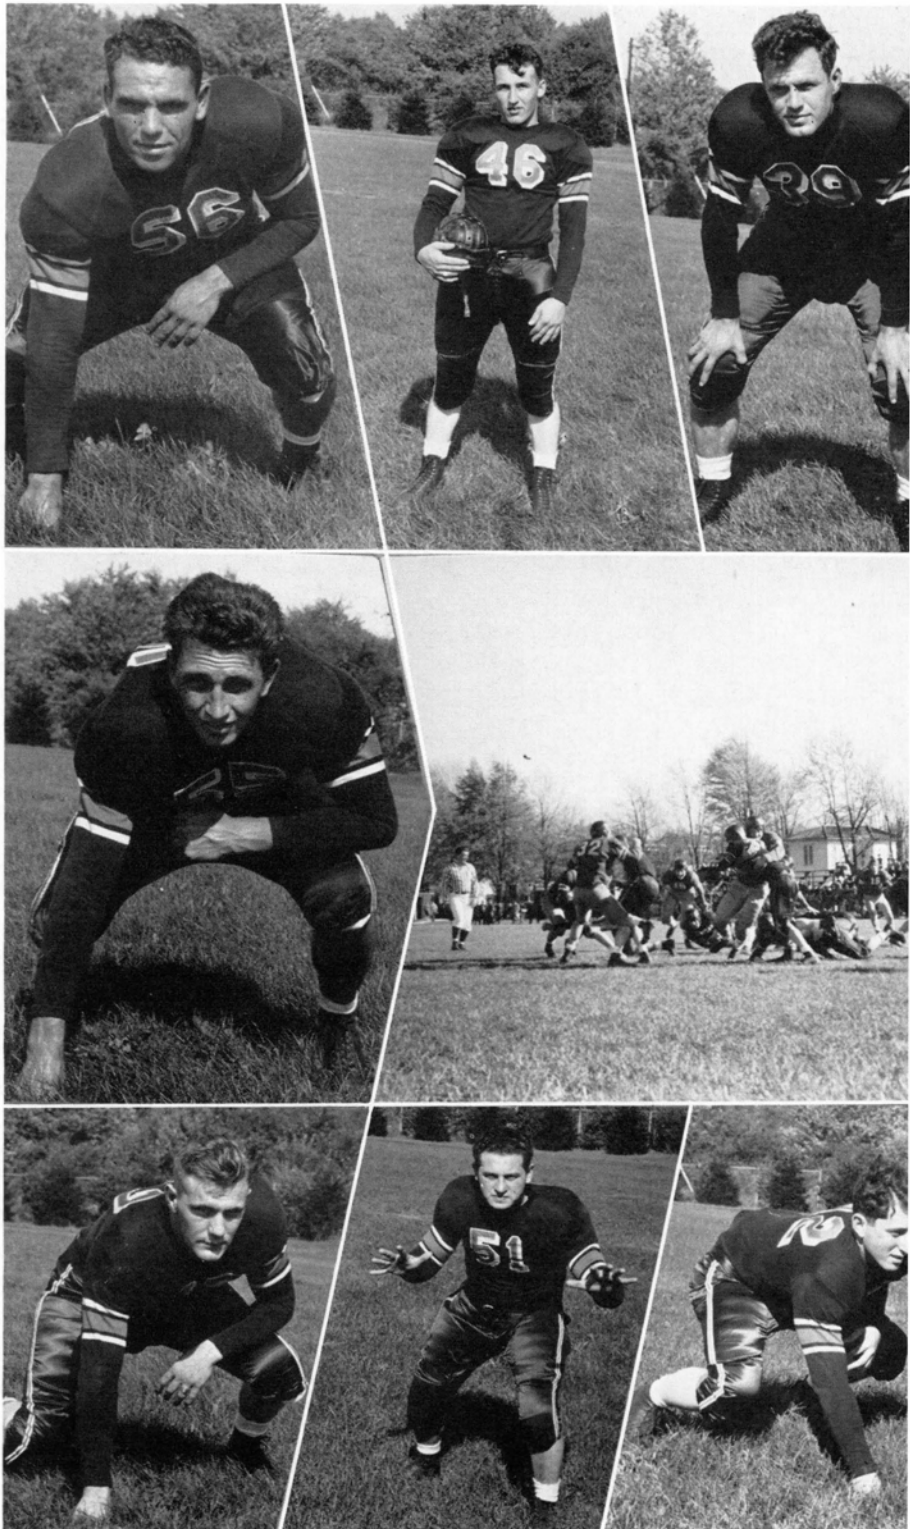

ST. LAWRENCE

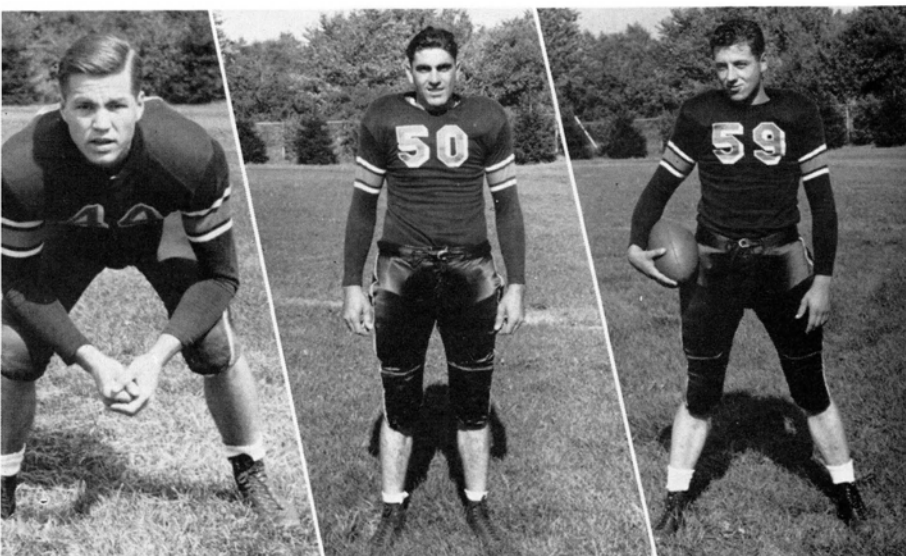

The only defeat of the season came at the hands of the Larries in Canton, N. Y. to the tune of 13-0. A gent by the name of Jim Hefti was the thorn in the Bears' side as he slashed his way for gains all afternoon.

Ken Crawford, tackle (L)

Sid Marcus, guard (L)

Marvin Skolnik, guard (L)

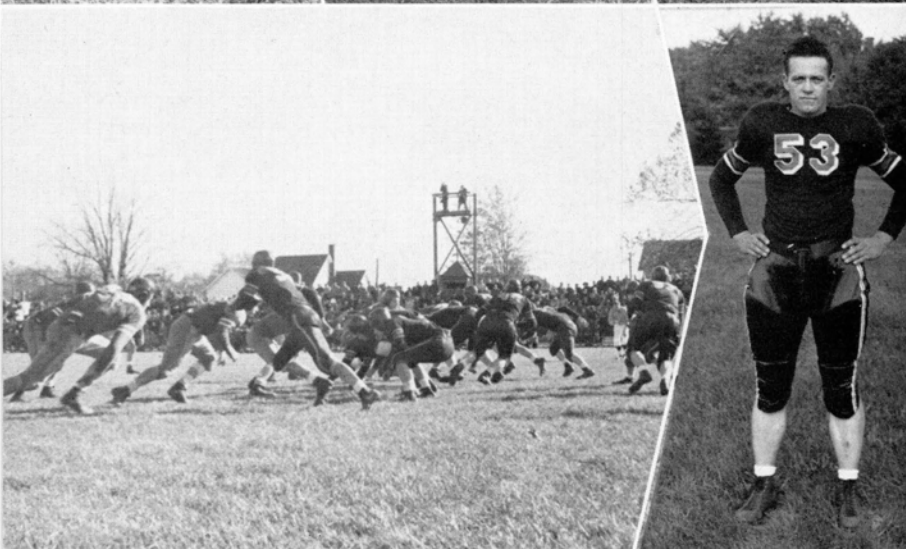

Ken Basinger, quarter (L)

Bruno Mallone, end (L)

Warren Widner, end

ALBION

The rugged Bruins invaded the state of Michigan to emerge victorious by a score of 25-6 over a fast Albion eleven that hadn't met defeat on their field since 1938. Basinger's passing with Mallone and Bray on the receiving end highlighted the Bears' offense.

That's the way to buck that line.

Nick Wanchic, full-end (L)

CAPITAL

The Orange and Black punched out an easy win over the Purple of Capital by the margin of 27-6 for their third triumph of the campaign. The halftime score was a 6-6 deadlock, but the Bears pushed over three touchdowns in the second half while holding the Lutherans in check.

Phil Fox, guard (L)

Lowell Shaffer, half (L)

Dick Allshouse, tackle

Junior Bray, half (L)
 Bob Stombaugh, full
 Nelson Laules, full (L)

DENISON

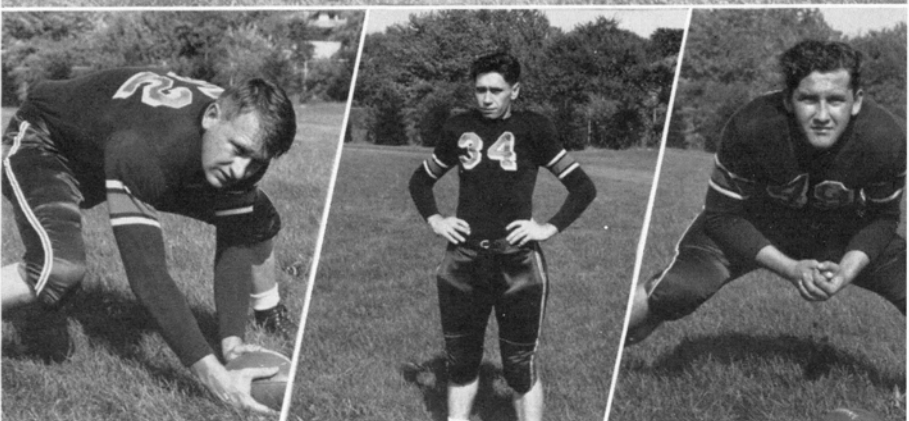

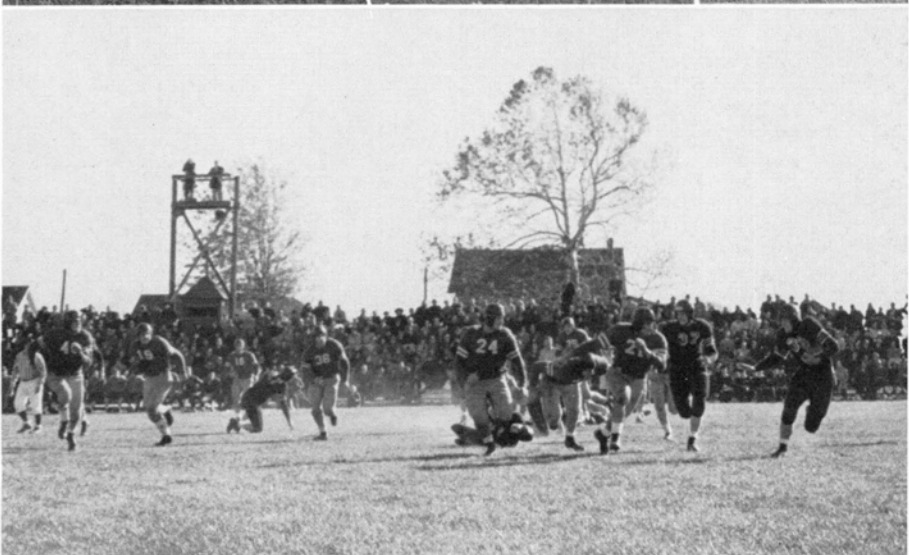

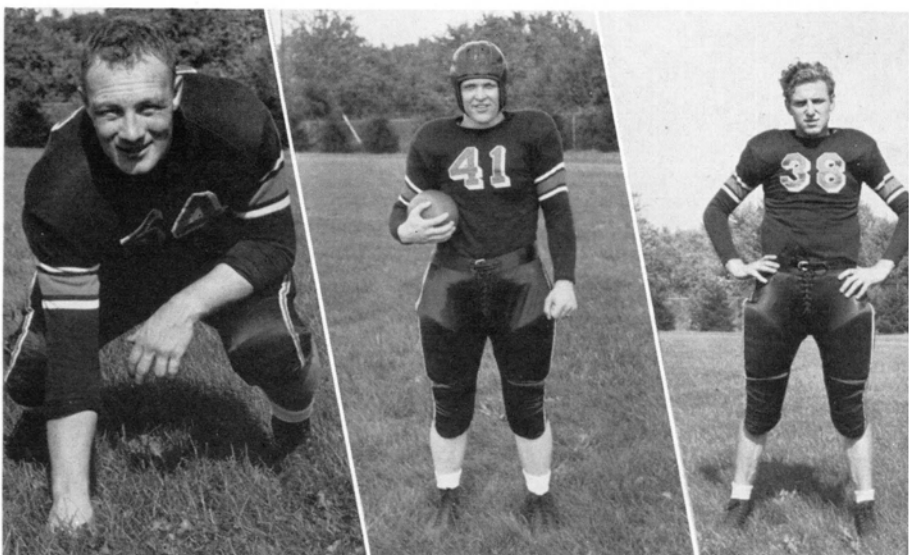

Before a homecoming crowd at Taft Field estimated to be around 2,500, the Northern stalwarts battled the Big Red of Denison to a 7-7 draw. The Bears were behind at the half but came on with a rush and scored the tying markers in the fourth quarter on Laules's plunge and Stackhouse's conversion.

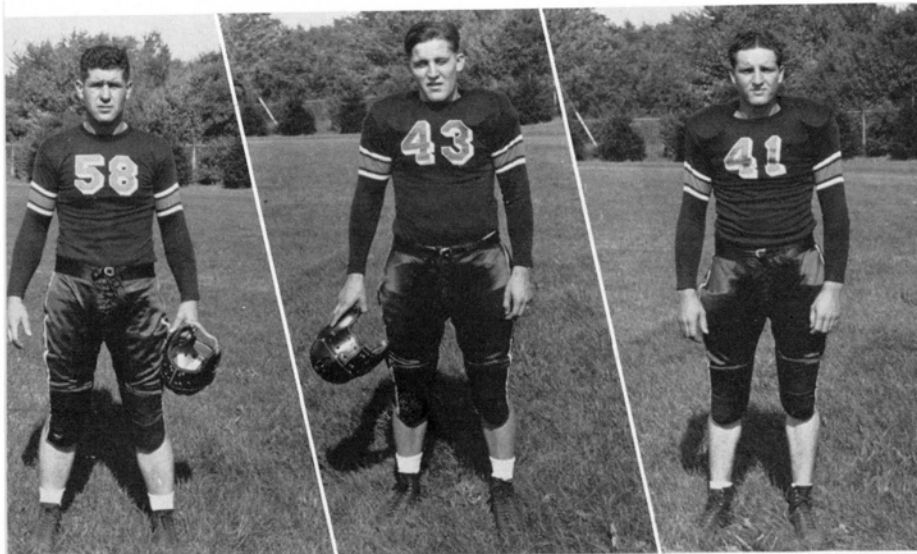

Get that block.

MUSKINGUM

A mud and rain-soaked home field was no hindrance as the Bruins pounded out a 20-0 decision over Muskingum to remain undefeated in the conference race. So completely was the Musky attack bottled that they never advanced the ball beyond the Northern 40-yard line.

Bob Edwards, center (L)
 Kent Cotterman, half
 Mike Lecholop, center (L)

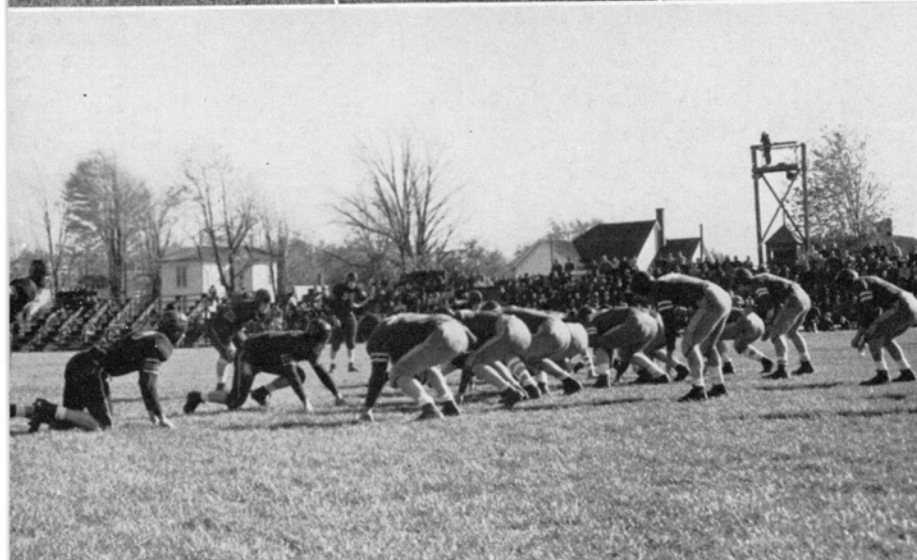

Hugh Semple, tackle (L)

Sid Clark, end

Joe Thomas, tackle (L)

MT. UNION

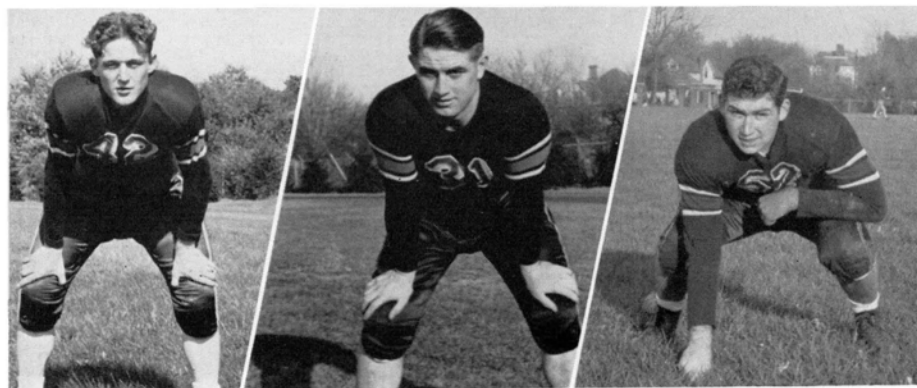

Ohio Northern had to take to the air to defeat an aggressive Mt. Union team by the score of 14-0. The Purple Raiders employed a 7-man line against the Bears who scored in the second quarter on passes from Heck to Bray and Shoemaker. Stackhouse converted his ninth and tenth extra points of the season.

The line-up.

HEIDELBERG

The Polar Bears ended a highly successful campaign by taking a 10-8 verdict at Heidelberg. A field goal by Stack proved to be the deciding margin by which the Bears claimed the game and a share of the Ohio conference championship.

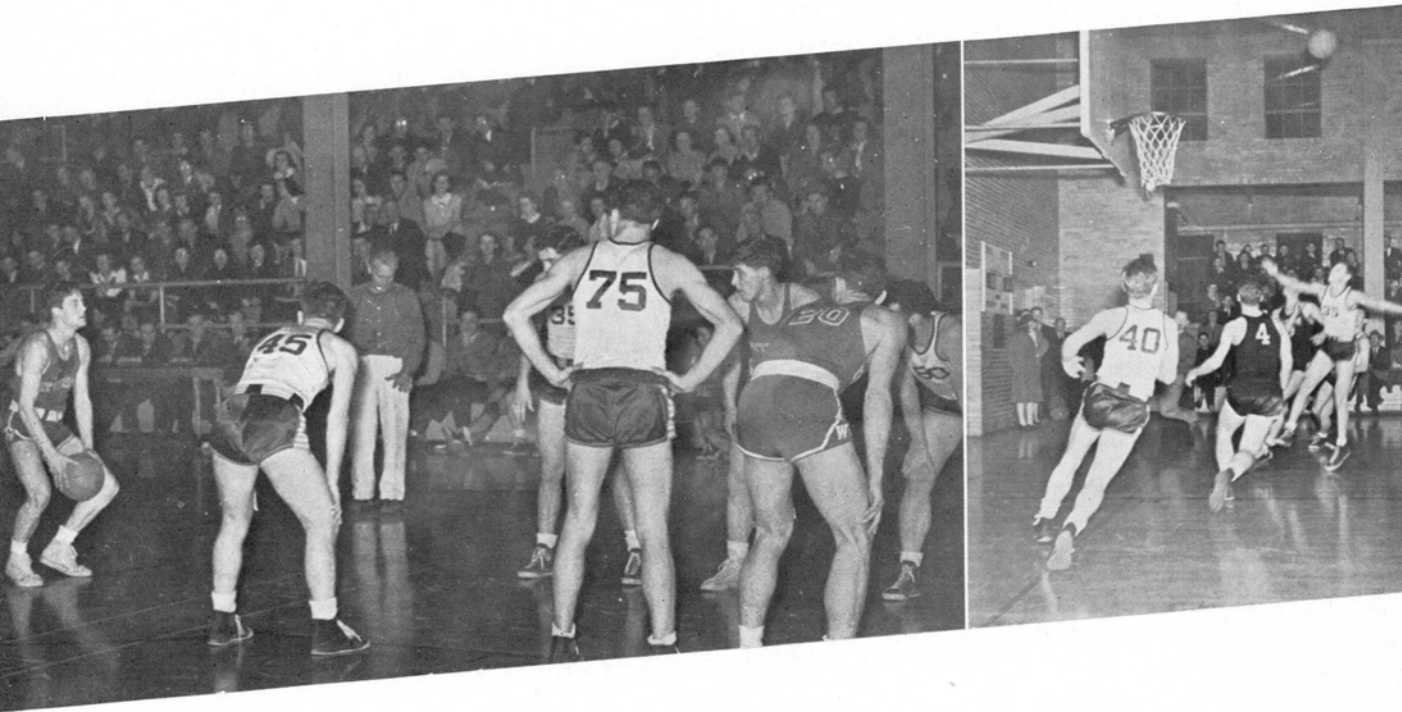

Chuck Heck, half (L)

Tom Pierson, center (L)

John McCutcheon, tackle

BASKETBALL

Spectacular, thrilling, nerve racking—these adjectives describe a typical basketball game. The tip-off, grandstand coaching, vendors with their wares, talking it over at half-time, exciting play, last minute heart throbs—that's basketball in a nutshell.

A foul shot attempt by Woltjen of Wittenberg.

Getting set for the rebound in the Capital game.

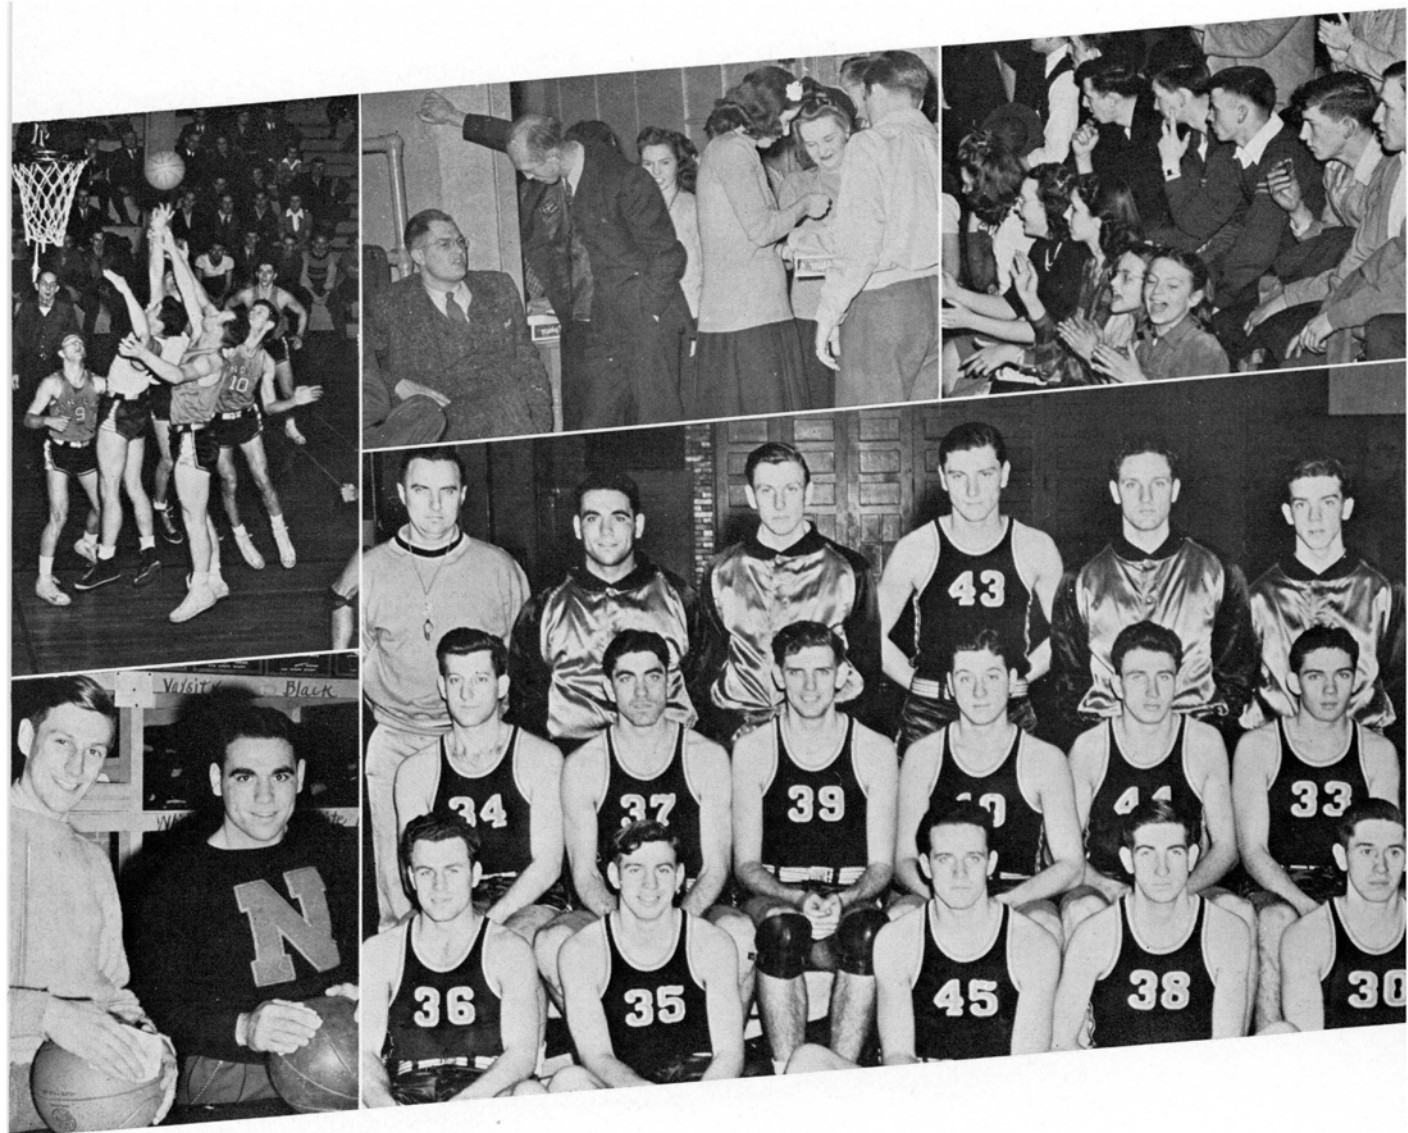

The basketball team of Ohio Northern compiled this season the best record under Harris Lamb's regime by winning 13 games and losing but three. Finishing sixth in the state and conference standings, the Bears piled up 965 points for a 60.3 game average, second high in the midwest.

Highlighting the season's play were the battles with Capital and the 82 point onslaught against Ashland which now stands as the Taft gym scoring record. This scintillating play of this squad can be classed as the best in Polar Bear annals.

TRACK

Although it attracted relatively little attention, the Polar Bear track team of 1941 was a real credit to the school. Opening its season at Bowling Green in the Northwest Meet, the squad tied with Bowling Green for second place with $38\frac{1}{2}$ points. Oberlin rolled up 85 points, while Findlay, Toledo and Bluffton trailed behind. During the second week of the season Northern won 70-61 at Otterbein, and then triumphed 72-59 at Capital three days later. In a triangular meet at home, Findlay won with $74-1\frac{1}{3}$ points, followed closely by Northern with 72, while Bluffton made $14-2\frac{2}{3}$. Also at home, the Bears won a second three-way meet with this score: Northern 83, Wittenberg 52, Bluffton 26. The Orange and Black made 10 points in the Ohio Conference meet at Wocster. Captain Joe Banks was an inspirational leader to the cinder men throughout the season.

UNIVERSITY "N" MEN

As on other campuses, athletic prowess is honored with awards at Northern. The winners of varsity letters automatically become members of the "N" Association. At present the "N" is given in football, basketball, track and tennis. A black sweater with an orange "N" is awarded to the athlete after his first season, and another "N" is given with each additional season. The style of the "N" identifies the athlete's field of activity.

FRESHMAN NUMERALS

The freshman numerals are given to faithful frosh athletes, who are obscured during their first year on the campus by the "star dust" of the varsity men. At present, freshman teams do not have any regular competition with outside organizations. In return for their unglorified efforts, yearling football, basketball and track men receive a black sweater with orange numerals indicating the year of graduation.

FRESHMAN FOOTBALL

A smaller group of freshmen than usual turned out for football, but the loyal nucleus of the squad gave the varsity good enough competition to keep it at top form for each game in its highly successful season. A sufficient number of the freshmen showed promise that most of the holes created in the varsity of last fall should be filled capably when next season rolls around.

FRESHMAN BASKETBALL

Following the general trend of most of the Polar Bear athletic squads at present, this year's freshman basketball crew was composed of a rather small group of "shooting stars." A new ruling limited the extent of the squad's competition, so it was only from the scrimmages with the varsity that we could guess which of the newcomers would be able to add new flashes to next year's Northern lights.

INTRAMURAL SPORTS

With manager Norman Healey in charge, Ohio Northern's intramural program was in the midst of one of the closest contests in recent years when the **Northern** went to press. Seven of the eight fraternities competing had a good chance at the all-sports trophy. In golf, the Theta Kap and Sig Pi teams tied with scores of 177 on the Lost Creek course at Lima, but Eisele and Leferink of the Theta Kaps won the first place points in the play-off. The annual pushmobile race at Homecoming was won by the Delta Sigs, but no points are given in this event. The Phi Mu team went through the tennis schedule undefeated to take that title. In the handball race the A E Pi representatives had a perfect record. Badminton was won by Alpha Kappa Pi. When the basketball schedule was completed, the Sig Pi five had a 7-0 record to take that important trophy. The Sig-Pi's and Alpha Kappa Pi's tied in the free throw contest, and a play-off was scheduled for a later date. During the remainder of the spring quarter, volleyball, boxing, and wrestling, track and softball were due to be run off.

WOMEN'S ATHLETICS

The Women's Athletic Association had a busy program featuring a Potluck for freshmen, twelfth annual High School Play Day, Football dance, winter party for WAA members, bi-annual Revue, Awards Banquet, Minor Sports night, and cooperating in the Red Cross Benefit dance. Monthly board meetings were held at various houses to discuss and transact business. The heads of different sports were responsible for the tournaments in their activities.

HOMECOMING QUEEN AND HER COURT

Four blondes and a brunette—the students' choice of campus beauty—reigned majestically over Homecoming festivities.

Stellar role was Virginia Byroads; Liberal Arts Junior. Three Seniors—Martha Parker, June Person, and Betty Harris—and a Junior—Mary Floyd completed the constellation.

SPORTS QUEEN

Miss Mary Jane Floyd — the prudent selection of the varsity football squad for Sports Queen to reign over the annual W.A.A. Football Dance. "Petey" is a junior in the college of Liberal Arts, majoring in physical education. This is only one more star in the crowning glory rightfully belonging to Mary. In true serenity she was presented to the student body by Hugh Semple, honorary football captain for the affair. The perfect tribute!

ENGINEERS' QUEEN

Miss Marjorie Bryant — the regal freshman queen chosen by the Senior Engineers to head the eventful Engineers' Week at the Annual Engineers' Ball. A refreshing atmosphere ever-present with Marge lent itself well to the gala event as Herb Parks introduced her to those present. Although relatively new to Ohio Northern Marjorie has already crept deeply into its very heart and presages a most promising future here.

FACULTY CHILDREN

These young men and women are children of the faculty.

Rachel Harrod, Jean Loy, Frank Berger, Esther Gay Smith.

Bill Lamale, Bob Binkley, Bob Needy, Tom Webb, Alban Potter.

O. N. U. GIRLS TRIO

The O.N.U girls' trio is a popular group. They appear annually with the A Cappella Choir as well as casting their musical light at many community and campus affairs.

Pianist, Antoinette Purpus; first soprano, Pat Smallenbarger; first alto, Ann Drittell; second alto, June Person.

THE COLLEGETEERS BAND

When lights are low and campus couples swing and sway, you may be sure the poular dance band is the stellar attraction.

Tom Richardson, William Trunk, Don Motter, Randall Oller, Paul Huber, Chuck Taggart, Fred Gatzqe.

O. N. U. BOYS QUARTET

Four bright satellites of O.N.U are the members of the male quartet who send their musical beams into every student's heart.

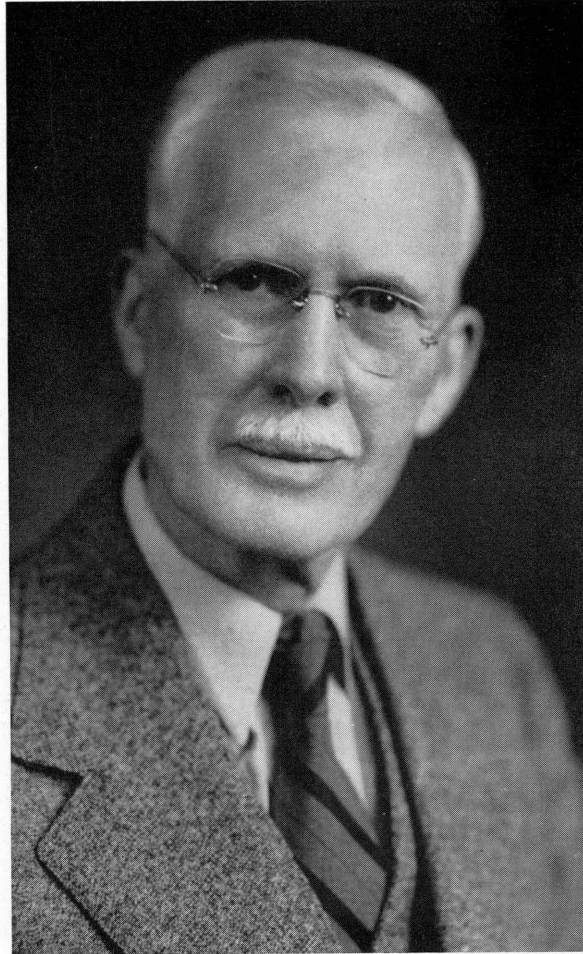

Mabel Casper, pianist; Randall Oller, first tenor; Jim Eddy, second tenor; Bob Carey, first bass; Paul Huber, second bass.

IN MEMORIAM

Dr. Robert Williams said all about this true man: since life had exacted much from him, Dr. Jesse Raymond Harrod also exacted much from life in reciprocation. Moreover, Dr. Harrod was a student and scholar zealous for the ever-soaring integrity and accompanying success of Northern's Chemistry department, his department. To no lesser degree this man touched life in its depth of beauty and usefulness. For greater understanding of his philosophy one can only cite his favorite, "Crossing The Bar."

EMERITUS

Professor James A. Whitted, head of the department of mathematics at Ohio Northern University since 1923, retired at the end of the winter quarter after forty-five years devoted to the teaching profession. Known throughout the country as a mathematician, he was better known on the campus for his kindness and dependability. We wish him good will and happiness in his new life in retirement.
